VICK'S WHOLESALE PRICE LIST FOR 1913

Vick's Enchantress Pink Aster

JAMES VICK'S SONS

SEEDSMEN

ROCHESTER, NEW YORK

Cable Address, Vick, Rochester

TERMS

To all regular customers, all bills with exceptions hereafter noted, for seeds, bulbs, or plants, made before June 1st, will be due at that date, and those made after that time will be due 60 days after date of invoice. A discount of one per cent. per month will be allowed when payment is made previous to these dates. Prior to April 1st **Peas, Beans, Corn and Aster Seed**, unless a part of a general seed order, will be billed 2 per cent. ten days, net 60 days; on and after April 1st net June 1st. **Grass Seed, Clover Seed, Potatoes, and Onion Sets**, invariably net cash. Satisfactory reference required from all new or unknown correspondents desiring credit. All orders from new customers amounting to less than \$5.00 must be accompanied by cash. We decline to send **C. O. D.** unless a partial remittance is made as guarantee of good faith. **We are not bound by these prices for any length of time.** All quotations herein are subject to advance without notice.

We send out no seeds on commission. All shipments **F. O. B. Rochester.**

Prices of Flower and Vegetable Seeds

FIVE CENT PAPERS—Per 100, \$2.00; per 1000, \$18.00.

TEN CENT PAPERS—Per 100, \$4.00; per 1000, \$35.00.

Not less than 100 papers at the 100 rate, nor less than 1000 papers at the 1000 rate. Dealers who prefer can make their own selection from our Retail Catalogue at the above rates, provided not less than 100 papers are ordered, nor less than five papers of a kind. Where less quantity is desired a discount of 50 per cent. from retail prices will be allowed.

All Novelties at packet prices are net, from which there are no discounts.

Ounce papers, pints and quarts, 40 per cent. discount from retail prices. Flower Seeds by the ounce and pound, and Vegetable Seeds by the pound, and bushel, are priced net in the body of this catalogue—ten pounds the minimum amount at the hundred rate; $\frac{1}{4}$ pound at the pound rate; $\frac{1}{8}$ bushel at the bushel rate. Smaller quantities at a slight advance. For scale of prices on Flower Seeds in fractional parts of an ounce see pages 20, 21 and 22. No quantity of seed packed from bulk for less than ten cents. When smaller quantities are required use the five or ten cent papers taking advantage of the discounts indicated above.

Boxes of Flower Seeds

For the convenience of small dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for.

THE BOX OF FLOWER SEEDS contains \$5.00 worth of retail papers; price to dealers \$2.00 also, \$10.00 worth for \$4.00. As these boxes are filled early in the season, before the press of business begins, no changes can be made from the assortments we have put up.

SHIPPING

Purchasers will please send explicit shipping instructions with each order. Where no such instructions are given we shall exercise our best judgment in the matter; but when goods have been so delivered at the freight or express station, in Rochester, in first-class condition, addressed as ordered, we disclaim all responsibility for any accident damage, or delay on the route. When goods are desired sent by mail, postage must be added at the rate of 10 cents per pound, otherwise we will deduct enough from the order to cover postage or add the postage to invoice as the case may require.

 Bags, boxes, and barrels will be charged at cost. No charge for cartage or packing.

James Vick's Sons give no warranty, express or implied as to description, quality productiveness, or any other matter, of any seeds, bulbs, or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

JAMES VICK'S SONS.

IMPORTANT NOTICE

All prices in this catalogue are made f. o. b. Rochester; every year, however, many customers ask us to send small packages by mail. This we are always willing to do, providing the customer makes sufficient allowance in the order to cover postage at the rate of 8 cents per pound. Compliance with this rule will avoid delays in filling orders.

We request customers who desire to send stamps in payment of small amounts, or to cover postage, to send the new Parcel Post Stamps instead of letter postage, since letter postage can no longer be used on fourth class mail matter.

FOR the ninth year in succession, our wholesale orders have shown a substantial increase over the previous high mark. To our minds, this fact is about the best testimonial we could offer as to the quality of our seeds and the satisfactory nature of our service. We are not forgetful of the fact that our steadily increasing business is due to the confidence and good will of the many merchants and florists who yearly send us their orders. It is a striking fact that our total sales have increased more rapidly than our list of customers, which proves conclusively that the average customer is sending us larger and larger orders every year. This in itself is a record of which we are naturally proud. Our customers and friends may depend on us to sustain carefully this reputation by furnishing the best quality seeds and bulbs we are able to obtain. We realize that our entire success is wrapped up in the success of our customers. Hence, every business instinct prompts us to work for their welfare. We aim to test every stock whether it is grown on our own farms or whether it comes to us from other expert growers. We use every precaution to see that our wholesale customers get just as good stocks as we furnish to our best market garden trade.

While the past season has been a very successful one with most crops, a few serious shortages have occurred, but we believe the quality of the stock we offer is equal in grade to any we have ever sent out. If our trade continues to grow, however, as we confidently expect it will, our stocks will be reduced very low by the end of the season. In some cases they will probably be exhausted. We therefore urge our customers to send in their orders early, since we cannot be expected to hold stocks for them after the season is well advanced.

There are many other reasons why we urge our customers to send in their orders early, and not wait until the goods are needed. While we make it a rule to fill every order within twenty-four hours of its arrival here, the rush of late orders makes this work extremely difficult. If our customers will send for their seed early, before they are needed, it will give us the opportunity to handle all of our trade easily, and quickly and satisfactorily.

Finally, we extend to our numerous friends and customers cordial personal greetings, and hope that this season may be profitable and satisfactory in every way.

January, 1913.

JAMES VICK'S SONS,
ROCHESTER, N. Y.

Trade List for 1913

 A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. For example:

Two Bacon means two bushels Extra Early Red Valentine Beans; or
Fifty Beget means fifty pounds Egyptian Blood Turnip Beet, etc.

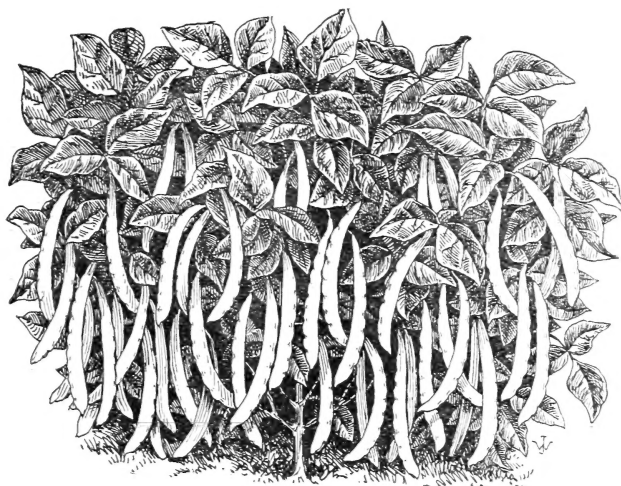

This Telegraphic Cipher cancels all formerly printed.

Ten pounds or more will be charged at 100 pound rates; quantities of one pound and less than ten pounds at the pound price. For quantities of less than one-fourth pound a slight increase over the pound price is necessary. Bags and boxes at cost.

For some few articles, in larger lots than herein quoted, we will make special prices by mail or wire.

PRICE NET, WITHOUT DISCOUNT.

IMPROVED GOLDEN WAX.

Improved Rustless Golden Wax. A strong grower, positively free from rust. Pods are meaty and well filled, of fine quality, and stringless from first to last. With its fine quality, hardiness, productiveness and freedom from rust, it has become a general favorite and a great improvement over the old-fashioned Golden Wax.

Vick's Improved Danish Ballhead

Of the many varieties of Cabbage introduced within the past few years none have attained a greater popularity, or given such general satisfaction as Vick's Improved Danish Ballhead. The fame of this particular strain has become world wide. It commands a higher price in the market than any other variety. It is remarkable for the solidity of its head and long keeping qualities. The heads are of medium size, with few outer leaves, admitting of close planting; exceedingly fine-grained, hardest of all, tender, crisp, solid, with no waste heart. Will average six pounds per head. Our stock comes direct from the best growers in Denmark.

Vick's Golden Dwarf Self-Blanching Celery

Here in Rochester we are located in the heart of one of the most famous celery growing regions in the country. It is not an uncommon thing for a single grower to ship from ten to twenty carloads of celery to New York, Philadelphia, Pittsburg and other celery markets. The leading growers pronounce our Golden Dwarf Self-blanching to be superior to all other strains of this variety, in quality, yield and salability. Dwarf, stocky, compact, rich golden yellow. Solid, tender, crisp, and of exquisite flavor. Crop shortest in many years. We shall hold our seed for regular customers as far as possible.

Celery for flavoring	Celsius	20	18 00

Vick's Golden Nugget Corn. This extra fine variety was introduced by us in 1892, and for several years was a favorite with our customers. During an unfavorable season the growing crop was lost, and we were unable to renew it until 1907, when we fortunately secured from an old customer a small quantity grown from our original stock. Ears larger and more prolific than Golden Bantam, tender and unusually sweet. Ready for market only a few days after the earliest.

CORN—SWEET or SUGAR.

Sweet Corn, if exposed to a low temperature in transit, even after being thoroughly cured, will gather more or less moisture and sometimes spoil. To avoid this, the corn should be examined as soon as received and if necessary spread out in a dry place.

VICK'S LEMON
CUCUMBER

We take this space to explain that Vick's Lemon Cucumber is not the same as the Garden Lemon, as many seedsmen apparently suppose. Vick's Lemon Cucumber is a genuine Cucumber of extra good quality and commercial value, which originated on our own farm, and which we have catalogued for a number of years. The Garden Lemon is not a Cucumber at all, but belongs to the Gourd family.

This year, on account of unfavorable weather, the crop was very short. The price is the same as last year.

Vick's Lemon	Cubage	2	50

Vick's Perfection White Spine

Unrivalled in shape, size, color and productiveness. Without doubt White Spine and Long Green Cucumbers have larger sales than any other varieties. Now, there is a good deal of difference in the quality of the various kinds of seed sold under the above names. Our strains of these varieties have been carefully developed through selections from year to year, until in our estimation the fruit from our seed surpasses both in quality and yield any other strains.

VICK'S IRONDEQUOIT MUSKMELON

Without doubt the finest Muskmelon ever grown, either for commercial purposes or for gardens. The flesh is a beautiful dark orange, skin is finely netted, yellow when ripe, possessing a most attractive appearance. The fruit is large; the flavor is delicious, sweet, rich and spicy. Every ounce of seed we offer comes from melons grown under our own supervision, and the seed stock selected by the most experienced men we employ. This melon holds the Rochester market to the practical exclusion of all other varieties. Moreover, whenever Vick's Irondequoit Muskmelon is offered on the markets of other large cities, it brings higher prices than any other kind. Although we have only a small supply of seed, we have not raised our prices. We advise our regular customers to place their orders early.

Vick's Early Scarlet Globe Radish

As a forcing Radish Vick's Early Scarlet Globe has established a reputation as the leading sort—the best in every way. It is handsome in form and color—a beautiful oval and rich scarlet. The amount of its foliage is small compared with other varieties, and small for the size of the Radish. The peculiar merit of this variety as a forcing Radish is that it will bear the heat requisite for forcing without becoming pithy or spongy. The flesh is crisp, tender, juicy and mild. It is equally as good for open garden culture as for forcing, and therefore it commends itself equally to the amateur and the market gardener. The dealer who sells this stock sells the best.

Our sales of this variety are rapidly increasing every year.

Vick's Late Branching
PEACH BLOSSOM

One of Our Splendid New Asters

The Aster is now the most important, commercially, of the summer and autumn flowers, and we are very proud of the part we have taken in its development. We are now the largest growers in the world of high grade Aster Seed, and we have introduced more good varieties than all other American seedsmen combined.

We offer 10 novelties in Asters in our 1913 retail catalogue, but in some cases we do not have enough seed to warrant us in offering them at wholesale. The commercial florist will be especially interested in the four new Asters named below. They will soon become the acknowledged leaders in their respective classes.

Vick's Late Branching Peach Blossom
Vick's White Perfection

Vick's Lavender Mikado
Vick's Purple Mikado

HOW TO GROW ASTERS

Newly Revised, Enlarged and Illustrated

A booklet of practical experience in Aster growing, from the sowing of the seed to maturity including a chapter on Aster insects and diseases and their remedies. Our revised edition contains much new information as the result of recent investigation and experiments. Every Aster grower, whether an amateur or florist will find this booklet worth its weight in gold. Copyrighted. Price 10 cents, or free with an order for Aster Seed of not less than 25 cents.

FLOWER SEEDS

THE flower seeds we offer are grown largely upon our own farms; others we have grown for us on contract and under our personal supervision by the very best specialists both at home and abroad, and in climates and soils best adapted for each particular variety. The seeds used in mixtures are selected from flowers the *brightest in color* and *most perfect in form* and can be relied upon for purity and vitality.

For the benefit of Florists and others especially interested in Asters we issue a Florists' Aster Book giving illustrations of all the leading varieties. The handsomest work of its kind ever published. Free.

SPECIAL NOTICE REGARDING PRICES

Smaller quantities than those priced on the following pages will be charged at a slightly higher rate. No quantity of seed packed from bulk for less than ten cents. Where smaller quantities are wanted, use the five and ten cent papers, taking advantage of the wholesale discounts as stated on first inside cover.

CACTUS DAHLIAS

Cactus Dahlias have large, loosely formed flowers. The long, narrow petals are variously rolled or twisted. The flowers, many of which are nodding on slender stems, are the most graceful and artistic of all the Dahlias.

Each, 10 cents ; dozen, \$1.00; 100, \$7.00.

Not less than 6 at the dozen rate; 25 at 100 rate.

Countess of Lonsdale. Rich salmon, tinted apricot. Hardy and very free flowering.

Clara G. Stredwick. Clear bright salmon, large and fine.

Dainty. Primrose, shaded soft pink.

Dreadnought. Crimson maroon, long twisted petals.

Kriemhilde. Exquisite combination of ivory white and pink. "Queen of the Cactus Dahlias."

Matchless. Dark, velvety maroon.

Mrs. J. J. Crowe. Clear yellow.

Mrs. H. J. Jones. Crimson-scarlet striped with cream. Varies from solid crimson to cream color on the same plant.

Mrs. Jas. Mace. Delicate blush pink.

Princess. Pure white.

Standard Bearer. Brilliant scarlet. Medium size. Very free flowering.

Volker. Clear lemon yellow.

DECORATIVE DAHLIAS

Decorative Dahlias are intermediate between Cactus and Show. The massive flowers are not so globular as the Show and the petals are broad and somewhat flattened.

Each, 10 cents ; dozen, \$1.00; 100, \$7.00.

Black Prince. Dark velvety maroon. Large flowers.

Blue Oban. The only blue Dahlia. Lavender blue. Free blooming.

Catherine Duer. Cherry scarlet overlaid crimson.

Clifford W. Bruton. Canary yellow. Large, long stemmed flowers. Finest decorative yellow.

Charming Bride. White, tipped pink.

Constancy. Rich reddish orange, shaded bronze.

Gloriosa. Bright, glistening crimson scarlet.

Harry Freeman. Pure white.

DECORATIVE DAHLIAS—Continued

- Jack Rose.** Rich velvety crimson, early and free flowering.
Perle d' Or. Fine pure white
Zulu. Jet black. Changing to black maroon.
Keystone. Lilac ground penciled with crimson. Fine large flowers.
Lord Lyndhurst. Rich glowing scarlet. Fine long stemmed flowers. A clearer, deeper shade than Wm. Agnew.
Mrs. Hartong. Light fawn suffused with pink. Large. Fine form.
Nymphæa. Light shrimp pink, almost white. The "Water Lily Dahlia."
 Robust plant and a large beautiful flower.

SHOW DAHLIAS

The old fashioned double Dahlia. Ball-shaped flowers; the petals quilled or tubular. As a class they are more formal than the Cactus or Decorative. They still retain their old time popularity, on account of their long stiff stems and their lasting qualities as cut flowers.

Each, 8 cents; dozen, 85 cents; 100, \$6.00.

- A. D. Livoni (Ethel Vick)** Soft sea shell pink. A splendid cut flower variety.
Ada Tiffin. Light peach, tinged with rose.
Arabella. Pale primrose, tipped lavender and shaded rose. A charming color and an early, free blooming flower.
Bird of Passage. White, tipped with pink.
Maid of Kent. Cherry red, tipped with white.
Miller's Red. Dark crimson scarlet. Large and free flowering. A fine commercial variety.
Purity. Pure white, dwarf and compact grower.
Queen of Yellows. Clear, deep yellow. A splendid flower for cutting.
Red Hussar. Brilliant glowing scarlet. Lighter shade than Miller's Red and not quite so large. Free flowering.
Red Warrior. Rich Crimson scarlet, full to the center, very free.
Storm King. Pure white. Very early and the most profuse bloomer of any white. Plants dwarf. Flowers medium size.
White Swan. A magnificent white flower. Good size and long stems.

POMPON DAHLIAS

The ball-shaped flowers of the Pompon Dahlias are a little smaller than those of the Show class, and are borne in the greatest profusion on long slender stems. They are earlier than the larger classes.

Each, 7 cents; dozen, 75 cents; 100, \$5.00.

- Catherine.** Pure yellow.
Daybreak. Shell pink.
Eleganta, Soft pink, tipped with deep pink.
Fairy Queen. Sulphur yellow, edged deep peach.
Little Beauty. Beautifully quilled; color lovely soft pink.
Prince Charming. Creamy white, tipped pink.
Snowclad. The best white pompon.
Vivid. Fiery scarlet.
White Aster. Pure white, beautifully fimbriated.

VICK'S NAMED MIXTURE

A fine mixture of the leading named varieties mentioned above.

Each, 6 cents; dozen, 60; cents; 100, \$4.00.

VICK'S GLADIOLI

	Per doz.	Per 100	Per 1000
America. The most popular gladiolus yet introduced. Splendid flowers of a beautiful clear flesh pink color.	\$0 50	\$3 50	\$30 00
Attraction. Flowers very large. A soft shade of carmine rose. The large throat is pure white.	60	4 00	
Augusta. Fine white, faintly tinged with lavender. Free bloomer and a long season.	40	2 50	20 00
Baron Hulot. Violet Blue.	1 25	8 00	
Brenchleyensis. Vermilion-scarlet. Fine old variety. Early, vigorous and free bloomer.	25	1 50	12 00
Canary Bird. Clear canary yellow, without markings. The best yellow.	85	6 00	
Eugene Scribe. The large, well opened flowers are a soft rose-pink heavily flaked with bright carmine. Edges of flowers ruffled. Large spikes.	60	4 00	
Independence. A brilliant rose pink with richly marked throat; spikes long and strong; one of the best.	35	2 00	17 50
Isaac Buchanan. Light yellow, a little flushed with deeper color.	60	4 00	
Jean Dieulafoy. Large flower of cream pink, blotched crimson in throat.	1 00	7 00	
Madam Monneret. Soft pure pink; a little carmine in the throat.	35	2 00	17 50
May. Beautiful light flesh-pink.	40	2 25	20 00
Mephistopheles. Deep scarlet, heavily marked with yellow and crimson.	85	6 00	
Mrs. Beecher. Immense broadly open flower of deepest crimson. Scarlet with white throat.	85	6 00	
Princesps. The largest flower of all. Deep rich crimson. Broad white blotches on lower petals.	1 75	12 00	

Rochester White PUREST AND BEST WHITE

Flowers large and well arranged. Pure white throughout, even to the anthers. Plant compares well in size and vigor with standard varieties. Decidedly superior to Europa which sold at \$2.50 per bulb last season. Originated and grown in this city. We heartily recommend Rochester White
Each, \$1 00 10 00

Ruffled Glory. A new type, each petal distinctly ruffled at the edge. Immense flowers of beautiful cream-pink color. Strikingly distinct in plant and flower.	1 00	7 50	
Shakespeare. Light pink suffused with carmine.	75	5 50	
"1900." Rich, deep scarlet with very large white blotch. Hardy and free flowering. A splendid, late blooming variety.	35	2 00	17 50

UNNAMED VARIETIES.

Our unnamed Gladioli are very fine. The bulbs we offer are sound and perfect in every respect, and will produce large handsome flowers. A large portion of them are our own seedlings, many of which produce flowers that are equal in beauty to our best named varieties.

	Per doz.	Per 100	Per 1000
Choice Mixed, selected bulbs. In 5,000 lots \$8 per 1,000.	\$0 20	\$1 25	\$10 00
Light and White, best mixture; very fine for florists use.	35	2 00	15 00
Mixed Named, from all the leading named varieties.	45	2 75	25 00
Groff's Mixed Hybrids. All shades in grand mixture.	25	1 50	12 00
Groff's Red Hybrids. Shades of scarlet and crimson.	25	1 50	12 00

The Auto Spray No. 1

Capacity 4 Gallons of Solution

The Auto-Spray No. 1 is the best compressed air sprayer made. Strongly built and guaranteed to be satisfactory and without defect. Will handle all solutions, including white-wash, and can be used in all kinds of work. Tank of heavy brass or galvanized steel. Seamless brass pump 2 inches in diameter. The pump is locked air tight to the tank by means of a simple sliding cam. This locking device is superior to that on any other sprayer. There are no screw connections to wear out and become leaky. All parts are instantly accessible and easily replaced. Each machine is equipped with 2 feet of 1/2-inch hose, nozzle for fine spray, cap for solid stream and either stop-cock or our patented self-cleaning shut-off ("auto-pop") as ordered.

Brass Extension, 2 feet	35
Brass Elbow	20
Brass Strainer	75

PATENTED.

Auto-Spray No. 3-B

Capacity 8 Gallons of Solution

While primarily built for applying white-wash and cold water paint, it is perfectly adapted as a general purpose sprayer for trees, plants, shrubs, vines, etc. The tank is made of either brass or galvanized iron, as ordered. The pump and large air-chamber are made of heavy brass, and the pump is fitted with a special graphite packing, which can be easily adjusted. The agitation is mechanical and effective.

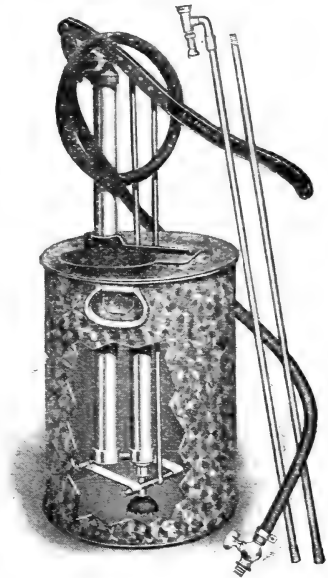

We offer this machine as the best all-around size and equipment in lever handle high pressure pumps for small orchards and general work. It can be easily carried about, either by the handles or mounted on a wheelbarrow.

Each machine securely crated, and complete with eight feet of high-grade hose, eight feet of extension, stop cock and Vermorel nozzle. Shipping weight, 40 pounds.

Auto-Spray No. 3-B—Galvanized tank, complete \$ 9 65

Auto-Spray No. 3-C—Brass tank complete 11 75

Prices quoted f. o. b. express or freight office, Rochester.

Auto-Spray No. 37

Continuous Sprayer

Compact design. Will handle all solutions. The entire front is removable by unscrewing the front cap, permitting the syphon tube to be withdrawn, should it become clogged. Fitted with two spray caps, one straight, and the other at an angle for reaching the under side of broad leaves. Will spray with tank at any angle. Solution does not come in contact with pump cylinder.

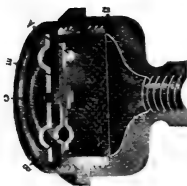

Auto-Spray No. 37-A—All tin \$ 65

Auto-Spray No. 37-B—Galvanized reservoir 70

Auto-Spray No. 37-C—Brass reservoir 80

Non-Clog Atomic Nozzle

The most valuable nozzle on the market. Positively the only nozzle that will not clog, despite the claims of other manufacturers. Its good points will appeal to any practical orchardist. Can be adjusted by a simple mechanism to throw from a fine spray eighteen inches from the nozzle mouth, to a concentrated form throwing twenty feet. Has a capacity of two, three or four point Vermorel, according to the disc used, each nozzle being furnished with four discs. A special feature is the patented screen through which the solution passes before entering the nozzle; absolutely prevents the possibility of clogging. Patent applied for. Net

price, brass, 80 cents.; aluminum \$1. Also fitted with standard $\frac{1}{4}$ inch pipe thread.

FERTILIZERS

These prices are net cash.

PULVERIZED SHEEP MANURE

CONVENIENT. Being thoroughly dried and finely ground. Pulverized Sheep Manure is in a convenient form for use on the lawn, in the garden, in the greenhouse, or for potting soil. Most of the weight has been removed in drying.

NATURAL. A pure animal fertilizer, dried and pulverized. No chemical change or loss of plant food occurs in drying and grinding. Adds organic matter to the soil by nature's own method.

INOFFENSIVE. Unequalled for the lawn. In effect it is a top dressing of stable manure, without any unsightly appearance or offensive odor.

NO RISK. Contains no acids or chemicals to burn the sprouting seeds or roots of plants. May safely be used wherever stable manure would be desirable, and without inconvenience or discomfort.

The most satisfactory fertilizer for lawns.

We have used Pulverized Sheep Manure on our own farm quite extensively for **Field Crops**, with excellent results. For this purpose we use a grain drill as for commercial fertilizers.

In the Garden Pulverized Sheep Manure is convenient; it furnishes plant food in the best form for growing plants of all kinds; and it adds organic matter or humus, to the soil, thus keeping it in a good mechanical condition. Commercial fertilizers cause the soil in time to become hard and dry. 100 lbs. \$1.75; per ton, \$25.00.

Genuine Peruvian Guano. Especially adapted to the needs of Florists and Market Gardeners for forcing flowers and vegetables. Rich in fertilizing value. All the elements immediately available. No danger of burning. Nothing better where quick results are desired. Per 100 lbs. \$2.25, 200 lb. bag, \$3.75, 1000 lbs., \$16.00, 1 ton, \$30.00.

Nitrate of Soda (Chili Saltpetre). The best and cheapest form of Nitrogen for plants. Highly concentrated and immediately available. Nothing like it to make plants grow. \$3.50 per 100 lbs. \$30.00 per 1000 lbs.

Pure Raw Bone Meal. Per sack of 100 lbs., \$2.50; ton, \$40.00.

Bone Flour. Per bbl. of 200 lbs., \$5.00.

INSECTICIDES AND APPLIANCES

These quotations are strictly net cash.

(Note—Liquids and poisonous powders cannot be sent by mail).

Directions for using printed on each package.

Aphis Punk. (Nikoteen) Especially effective against green and black fly and thrip on all flowering plants. Per box of 12 rolls, 60 cents. Per dozen boxes \$6.50.

Bordeaux Mixture. Recommended by all the leading experts for general spraying. Pint 20 cents; quart 35 cents; gallon, 90 cents.

Black Leaf 40. A concentrated solution of Nicotine-sulphate which does not evaporate, like "free" nicotine, in ordinary temperatures. Therefore especially valuable for spraying in the gardens, nursery, or orchard.
